Empathy Map

Create an empathy map to understand your customer/user from four perspectives - what they Say, Think, Do, and Feel - in relation to the problem your project addresses. This helps the team build a customer-centric solution.

SAYS ☐ I need my credit card application approved. ☐ I hope the process is quick and simple. ☐ I want to know why applications get rejected.	THINKS • Will my credit score be enough? • I hope I meet all the eligibility criteria. • What if my application gets rejected?
PERSONA NAME (Role / User Type)	

DOES

- Fills out the credit card application.
- Uploads the required documents.
- Checks the application status regularly.

FEELS

- Excited about getting a credit card.
- Nervous about approval.
- Happy if approved, disappointed if rejected.
